*"Workmen polite and courteous, hard-working and conscientious.
All work to the usual very high standard"* Mr & Mrs Robertson, Cupar

Sunrooms & Lightweight Roof Systems

Sunrooms are a stunning modern addition to your home to be enjoyed by everyone.

Created individually for your home to suit your exact needs, our expert team will guide you through every stage of the build. Contemporary cedar external cladding, temperature control heating and cooling systems operated from your smart phone, LED lighting and beautiful folding aluminium doors. The list of options goes on and on.

To see for yourself come along to the SRJ head office in Rosyth where the lightweight roof system and sunrooms are on display, in the product development and training centre.

hesitate to do so again."* Mr & Mrs Tait, Dundee

Windows

Manufactured to your requirements to suit your home, SRJ will ensure that not only will your new windows enhance your home they will also comply with fire escape, ventilation and cleaning regulations.

Available in white, anthracite grey, ebony black, golden oak, Irish oak and dark rosewood, there are many styles and types of PVCu windows available including casement, tilt & turn and reversibles. With your safety our priority, we make sure all windows have the most secure locking systems fitted as standard.

SRJ windows will help you to save money on your heating bills, with the latest technology in glazing and frame systems. SRJ were amongst the first to offer A-rated products as standard, driving the industry forward and making homes as warm and secure as we possibly can.

SRJ's team of highly skilled employed joiners will ensure a smooth and friendly installation that you will be proud of for years to come - and remember, everything comes with a fully transferable SRJ Platinum 10 Year Guarantee.

Doors

There are hundreds of doors to choose from at SRJ. You may want to start with our online door designer where you can design your dream composite entrance door, available in a large selection of traditional and contemporary colours so whatever your taste is, our range has something to suit all.

As well as our huge selection of entrance doors, you might consider sliding patio doors, triple-track sliding doors or French doors - some great ways to open up the back of your house into the garden and bring in that desired extra bit of sunlight.

All SRJ products are tried and tested against the harsh Scottish weather, so you can be sure that your doors will look great and perform perfectly for many years to come.

Pop down to the SRJ product development and training centre to see and operate our entire range. SRJ: first for PVCu, composite and aluminium, best for quality, best value for money and best for customer service.

Conservatories

Every building that SRJ constructs is custom-designed to suit your own personal requirements and is manufactured to fit your home exactly the way you want it.

Whatever reason you have for adding an SRJ conservatory to your home, it will always hold an element of relaxation and tranquillity. We organise the design from the very start - from local authority permissions to the completed build - all ready to move the furniture in!

The choices are almost endless: bio-clean glass roofs, ceramic tiled floors with under-floor heating controlled by an app available on your smart phone, designer colours like anthracite grey, external aluminium and glass handrails, even anti-slip, anti-fungal external composite decking.

And with SRJ's fully transferable 10 year Platinum Guarantee you can enjoy your new conservatory for many years to come.

*"SRJ team were excellent -
I would firmly recommend to anyone* Mrs Lyall, Dunfermline

SRJ sky pods will brighten up that dark flat roof and add the modern wow factor. With either the traditional PVCu roof lantern or the new SRJ aluminium sky pod it will transform any existing or new sunroom into a luxury living space with natural daylight.

The aluminium sky pod is available in all RAL colours, and the PVCu roof lantern is available in Anthracite Grey, Ebony Black, White, Golden Oak and Irish Oak.

To maximise the low maintenance appeal of the PVCu and aluminium sky pods, add Planitherm Bio-clean glass to reduce the amount of external cleaning required.
